

Dear riders,

the organizer of 'Pferd International München' is again working with EventClearing. We are responsible for collecting the entry fees in the forefront, the billing of the show and the distribution of the prize money after the show. The prize money is paid into the account that has been registered on EventClearing.

You can also check on our platform whether your horse owners have been entered correctly. Taxation of prize money in accordance with 50a EStG is based on the tax domicile of the horse owners, and the riders are liable for their correct deposit.

For participants in the national competitions: please also use our software to generate the advance invoice for payment of the costs. This does not apply to the "Reiterwettbewerb" and the "Führzügelklasse".

Please use your personal access on app.eventclearing.lu to create your personalized preliminary invoice. If you have forgotten your password or are logging in for the first time: [please click here](#)

Please arrange for payment of the corresponding amounts by 22 May 2025 at the latest exclusively to the following EUR account. As soon as we have received the money, you can check the receipt of the money yourself with your access to your data room.
